

WG1 Activity Report

2003-12-11
AEN WG1

2003/12/11

AEN WG1

1

WG1 Vision

- Establish an e-learning technology community in the Asian region
 - Share technical information and issues about platform and content in terms of e-learning standards
 - Cooperate with US and Europe based communities by exchanging information and requirements on standards

2003/12/11

AEN WG1

2

WG1 Scope

- Platform and content conformance program
- Intellectual property rights and Privacy protection
 - Legal issues
 - Technology standardization issues
- Standards promotion
 - SCORM and other standards

2003/12/11

AEN WG1

3

WG1 This Years Goal

- Build common understanding about the current technology and each countries' situation in each field of the scope
- Input these situation and requirements to standardization bodies such as ADL, IMS, IEEE, ISO
- Direct towards next step

2003/12/11

AEN WG1

4

WG1 Current Activity

- Conformance
 - Exchange information about each countries' situation
 - Exchange information with ADL and ICP
 - Hold plagfest on SCORM platform and content in 2004-01

2003/12/11

AEN WG1

5

WG1 Current Activity

- IRP/PP
 - Exchange information about each countries' situation
 - Summarize use cases and requirement
 - Exchange information with IEEE LTSC and SC36 in 2004-03 Canada meeting
 - SC36 was held in Seoul, Korea in 2003-09 and will be held in Tokyo, Japan in 2005-03

2003/12/11

AEN WG1

6

WG1 Future Plan

- **Conformance**
 - Cooperate to establish the way to share technical information, issues, experience, and framework concerning conformance such as Plugfesta or Testing center.
- **IPR/PP**
 - Keep exchanging legal and technical issues and requirements
 - Communicate with international organizations
- **Promotion**
 - Share the information on tutorials and seminars
 - Support promotion activities held in each country
 - Exchange information on open source e-learning systems
